

Title: Tuition Fee Policy excluding Higher Education Students July 2019

TYPE: Tuition Fee Policy excluding Higher Education Students July 2019

PURPOSE: This document outlines the policy for tuition fees, examination fees and other fees payable by students excluding Higher Education students.

SCOPE: This policy applies to all students excluding Higher Education students. It is effective from 8th July 2019.

RESPONSIBILITY: The Vice Principal Finance is responsible for this Policy

Note: Legal Context Guidance issued by the Education & Skills Funding Agency (ESFA) and the Consumer Rights Acts 2015 and related consumer legislation.

1. INTRODUCTION

The College is committed to ensuring that its course fees are fair and represent value for money. The College also commits to providing potential learners with clear information about its fees, concessions and payment methods.

Scope

- This policy statement details how the College will apply fees for courses funded by the Education and Skills Funding Agency (ESFA) and fees for those courses that receive no grant funding (often referred to as “Full Cost” courses).
- This policy covers tuition fees, examination fees and other fees payable by students.

- Tuition and examination fees are reviewed and set annually by the Principal and Executive Management Team (EMT) in accordance with the guidance issued by the ESFA. In exceptional circumstances (i.e. to reflect market factors), fee adjustments may be made following approval by the Principal.
- Fees are set for year 1 of the course and remain unchanged for its duration.
- This document is effective from 8th July 2019.

Disclaimer

- Applicants are required to declare their fee status when they complete their UCAS application or via the online application form for part time applicants, selecting from a number of options including UK home, EU or overseas (non- EU) fee status. The Admissions Officer checks information in the application relating to fee status, including the nationality, country of residence, address and declared fee status. Where the combination of information provided suggests that the fee status declared by the applicant may be incorrect or insufficient information is provided the College carries out a fee status assessment. The College does not exercise discretion when determining applicants' fee status. The College reserves the right to amend an applicant's fee status after the formal offer has been issued.

National Fee Guidelines

- The ESFA funding approach assumes that all students other than those eligible for fee remission are charged a tuition fee as a contribution towards the costs of their learning. The ESFA also recommends that accreditation costs are paid by all adult students. The ESFA's assumed fee income is 50% of the funding for the learning aim.
- 'Home Students' are those who in general have been resident in the EU or the EEA for the three years preceding their enrolment. A current list of EU/EEA countries is available in Appendix 1.
- All other students are classed 'Non Home'/International Students. These students will be assessed at the point of enrolment.

2. TUITION AND OTHER FEES CHARGED

2.1 Further Education Provision

- Only 'Home Students' are entitled to ESFA funded provision

2.1.1 Learners Aged 16-18

- In accordance with ESFA regulations, tuition, registration or examination fees will not normally be charged to home learners aged 16-18 taking full or part-time courses funded by the ESFA.
- However the College may charge learners aged 16-18 for "Full Cost" courses (or non-ESFA funded provision) and for exam and re-sit charges in relation to these courses.
- Materials or personal equipment fees, reflecting actual costs, may also be charged provided these are not a compulsory part of the course.

2.1.2 Adult Learners

- Some adult learners are entitled to fee remission and do not pay a fee for their course. Details of fee remission categories are in appendix 2. Learners not entitled to fee remission are classed as co-funded.
- Adult co-funded learners (those aged 19 and above) taking full-time courses funded by the ESFA will be charged a fee.
- The College will charge a minimum fee of 50% the funding value. This may be rounded up or down to make the fee a whole number.

- Learners whose fees are being paid by their employer must supply written confirmation of sponsorship at enrolment. The confirmation must be on company headed paper, be unconditional, include the name of the learner and course, and signed by an authorised signatory (not the learner).
- Materials or personal equipment fees, reflecting actual costs, may also be charged.
- Full-time Adult FE learners wishing to take additional part-time courses will be charged the relevant fee.

2.1.3 Advanced Learning Loans

- The fees for learners aged 19 or over for provision at Level 3 and above will usually be at the funded value for the course.
- Materials or personal equipment fees, reflecting actual costs, may also be charged where learners are taking out a loan to fund their learning.

2.1.4 Apprenticeships & Work Based Learning

- There are two systems in place for funding apprentices:
 - For employers with a payroll that exceeds £3 million apprentices are funded through the levy and employers are required to use their digital account
 - Employers who do not have a payroll of £3 million are expected to contribute 5% of the cost of training with the exception of very small employers who will not contribute to 16-18 year old training
- The College will agree a total price for each apprenticeship, which includes the costs of training and assessment.
- For standards this must include the cost of the end-point assessment agreed with the apprentice assessment organisation.

2.2 Managing Agents and Partner Provision

- Where fees are paid to the College by other organisations in receipt of ESFA funding, for education provided by the College, a member of the Executive Management Team is responsible for negotiating these with the recipient organisations in accordance with agreed College protocols. Fees are to be approved by the Principal and are to be reviewed annually.
- Where courses are delivered by partners on behalf of the College, the College will agree with the partner whether the College or the partner will collect fees and the two parties will account between each other for the fees collected.

2.3 Community Learning Non-Accredited Provision

- Students will be charged the agreed tuition fees; and
- Students are also required to pay for any equipment, books, visits, trips etc. necessary and other course-related expenses. In addition the student will have to pay for membership of a professional body, if relevant.

2.4 Students under 16 on 31st August (in full time education)

- Most college courses are targeted at the 16 and over age group and the College is only funded to meet the educational needs of post school age learners.
- The following therefore generally applies to those under 16 on 31st August who are enrolled at school.
- The College will not accept under 16 learners on programmes not targeted to this age group except in very exceptional circumstances, in which case, the following guidance applies:

- A letter from the prospective student's Head Teacher will be required to confirm agreement for the pupil to attend the course;
 - Interview by the manager of the area will be required; and
 - The student will be expected to complete the programme of study and participate in any required examinations or assessment.
- If a student is accepted onto a course the following fees apply:
 - Students will be charged the full cost fee including examination and assessment fees
 - Students are also required to pay for any equipment, books, visits, trips etc. necessary and other course-related expenses. In addition the student will have to pay for membership of a professional body, if relevant.
 - A small range of programmes are offered specifically for learners that are under 16. These include arrangements that exist between local authorities and the College, or programmes directly targeting the under 16 age group. The course fees for such provision are set annually by the Principal and Executive Management Team.
 - When school pupils, whatever their age, wish to follow part of their programme at College during school hours, the College will require the agreement of the school and will charge the school for the costs of this provision.

2.5 International Students

- International students (those from outside the EU/EEA) will be charged the published international fee.
- The College is only able to accept applications from students that do not require a tier 4 visa.
- All international students must pay all fees on enrolment.

2.6 Unfunded/Full Cost Provision

- Fees for Unfunded Provision are normally charged at a standard hourly rate of £7/hr.
- Exceptions to reflect market factors are agreed by the Principal and EMT.
- There is no fee remission or concessionary fee for Unfunded Provision.
- Students who are on unfunded provision will also be required to pay for any equipment, books, visits, trips etc. necessary and other course-related expenses. The student will pay for membership of a professional body, examination and assessment fees, if relevant.

2.7 Pro Rata Fees

- There is no pro rata reduction available for programmes and all students are required to pay the full fee for the course irrespective of their start date.

3. PAYMENT BY INSTALMENTS

- The College expects all fees to be paid in advance at enrolment. However, arrangements for instalment payments are in place to support students to pay their fees who do not have a student loan. Standard instalment plans are agreed by the Vice Principal Finance annually. When paying by instalment students will be encouraged to pay by direct debit.
- For students who fail to pay fees by the due date the Vice Principal Finance/Deputy Principal may agree a revised instalment plan with the student in order to ensure collection of the fees due.
- The College will take action to pursue unpaid debts including using the services of a debt collection agency and the exclusion of students from their programme when fees remain unpaid.

4. FEE REFUNDS

- Students have the 'Right to Cancel' their application to study within 14 days of accepting their place to study. Once applicants have accepted an offer to study at Solihull College & University Centre, students will be able to cancel their acceptance within 14 days without giving any reason. The cancellation period will expire after 14 days from the date on which the offer is accepted, which is the date on which the contract with the College began. The College will make the reimbursement without undue delay within 14 days of receipt of the notification of cancellation where possible. The College will make the reimbursement using the same means of payment as was used to pay the College.

After 14 days fee refunds are only made in the following circumstances:

- The College closing a course;
 - Fees have been wrongly assessed;
 - If there are very exceptional circumstances for withdrawing from a course and within the first 4 weeks.
- In exceptional circumstances refunds may be given within the first 4 weeks of the course commencing. If a student feels they are entitled to a refund they should complete a refund application form and support the application with written evidence i.e. a letter from their employer or medical certificate. No refunds will be given after the first 4 weeks irrespective of personal/exceptional circumstances unless the College accepts responsibility for the student's request for a refund. Exceptional circumstances are determined by the Vice Principal Finance, acting reasonably.
 - Where the criteria for a fee refund have not been met, the College has discretion to provide a letter of credit that can be applied towards the fee of a future course at the College.
 - The College is committed to abiding by UK legislation concerning the requirements of the 2002 Proceeds of Crime Act and 2003 Money Laundering etc. Refunds for fees paid originally by debit/credit card are refunded back to the card. For other forms of payment, refunds paid will only be made directly to the student concerned or to an official student sponsor.

5 FEES FOR NON COMPLETION

- Students who, through their own volition, have failed to complete their learning programme within the agreed contract period may be required to pay any additional costs associated with an extension.

6 CHANGES TO OR CLOSURE OF COURSES

- The College reserves the right in certain circumstances to change or amend, at any time, any of the course details including content, dates, times, venues, fees payable, concessions available, terms or conditions. The College also reserves the right to close or not to start any published course. Examples of circumstances where a course might be changed, closed or not started include but are not limited to, where a course is no longer viable due to insufficient numbers.
- Where changes or course closures have to be made the College will take all reasonable steps to minimise disruption to students and will refund any fees paid.
