COLLEGE GOVERNANCE STATEMENT OF PRINCIPLES

1 Principles

1.1 Background

This document sets out the principles underpinning Solihull College Corporation’s work.

College governance concerns the work and responsibilities of the Corporation and its immediate relationships with College senior managers, auditors, inspectors and regulators, and with the College’s stakeholders, which include students, staff, employers, government agencies and the local community. The College’s Corporation seeks to uphold the highest standards of openness and accountability.

The Corporation sets the framework of policies and strategies within which the College’s managers operate and then monitor these operations or delegates monitoring functions to a Committee, as appropriate. For their period of office, Governors hold the College in trust on behalf of the local community, ensuring that it serves the needs of the community effectively and that the College remains in good shape to meet the needs of future generations of students.

The Corporation agreed, in February 2015, to change the governance structures, to reduce the number of committees and to carry out the majority of work at full Corporation level, so that all Governors are familiar with all governance matters and time can be spent on key strategic discussions, while ensuring agility in being able to address opportunities that may arise.

1.2 Strategic Planning

The strategic planning process begins in January each year, at the Governors’ Development Day. An initial review of the Mission, Vision and Values is followed by a discussion about sector changes and market intelligence, which then informs the future direction. This discussion is also informed by the College Self-Assessment Report (SAR), completed in the autumn term, and the College Quality Improvement Plan (QIP). Thereafter, the strategic direction is considered at a Corporation meeting in the spring term. The overarching direction approved then provides the framework for the development of sub-strategies that are presented to, and approved by, Governors during the summer term. In July the Strategic Plan and the Financial Plan are approved, which underpin the annual priorities, budget and Executive Management Team (EMT) targets for the subsequent year.

1.3 Corporation Structure

The structure is based on the principle of having at least 2 Corporation meetings per term, which will be focused on agreed key themes. This will provide opportunities to discuss key issues in depth and enable Governors to hold management to account through robust challenge.

Significantly important matters will be included on all agendas, to ensure prominence and close scrutiny throughout the year. In 2020/21 the key issues for the College is to oversee recovery following the COVID-19 crisis, ensure financial stability and plan for Ofsted inspection.

1.4 Corporation Business

The indicative Cycle of Business is drafted for the year by the Clerk. Three committees are being maintained to ensure continued scrutiny, challenge and control for key issues:

- **Audit Committee** (*condition of funding to have an Audit Committee*) will scrutinise and monitor risk, controls and compliance. Reports will be submitted to the Corporation, as appropriate;
- **Remuneration Committee** will monitor and review senior post holder[s] and senior management structures, terms and conditions and performance;
- **Search and Governance Committee** will monitor and scrutinise membership, skills and performance of the governing body.

“The Corporation has the authority to establish committees for any purpose or function other than those assigned in these Articles to the Principal or Clerk and may delegate powers to such committees; the Chair or, in the Chair’s absence, the Vice-Chair(s); or the Principal.”(Article 4 of the Instruments & Articles of Government).

The number of members of a committee and the terms under which they are to hold and to vacate office, shall be decided by the Corporation. Committees will have clear Terms of Reference.

The Corporation may not delegate to committees any matters listed in Article 9.

Special Interest Groups:

The Corporation can appoint Governors to Special Interest Groups, which are activity-based. The Group will be formed by Corporation approval and will include Governor member(s). There will be a clear Terms of Reference and timeframe for the Group. Notes will be kept of each Group meeting and submitted to Corporation for information, followed by a full report, as required. Groups should not be set up without the approval of the Corporation. Where appropriate, external advisers will be invited to join Special Interest groups to provide specialist advice.

Tendering Group (section 9 Financial Regulations) – a Group will be established to manage contracts, as set out in Financial Regulations. Core membership is defined as the Principal, Vice Principal Finance and the Chair of Governors (or delegated member). Another member of EMT or other staff or experts may join the group, dependent on the tender being undertaken.

2 Projects and Bids

Since the introduction of flexibilities and freedoms there have been new opportunities in the FE sector. Part of the rationale for changing the governance structure was to ensure that these opportunities can be explored efficiently and effectively along with new projects and bids, in the best interests of the College. To underpin this, clarity has been sought regarding the process for approving and reporting new projects and bids. The Financial Regulations have been updated to require business plans / due diligence for such projects, with all those over £100,000 being reported to the Corporation.

Financial Regulation 3.3:

“New ventures are defined as any substantial arrangement entered into for business purposes, whether for extending the College’s provision or of a commercial nature. Before proceeding with new ventures or projects, thorough business planning and due diligence will be undertaken.

All new ventures or projects (capital or revenue) over £5,000 must be approved by EMT and reported to Corporation

Any project (both capital and revenue which is either over £100,000 or which could expose the College to significant financial or other risk shall be reported to the Corporation termly.”

New projects and bids of this nature will be reported to the Corporation at each meeting as a standing item.

3 Areas of Special Interest

Role Description for Governors with Special Interest:

Governors must not get involved in the day-to-day management of the areas for which they have a special interest. The role is to lead with strategic projects or matters and to gain a better understanding so that challenge and enquiry at Corporation can be robust and informed. The role could include:

- Chairing a relevant Special Interest Group
- Involvement in strategic developments at an early stage
- Reviewing KPIs and other performance data, as appropriate
- Engaging with EMT member, Senior Director to understand the area: strengths and weaknesses
- Engaging with stakeholders
- Involvement at Corporation when matters are discussed with regard to the area, input to reports etc.
- Acting as an ambassador for the Corporation and College, as appropriate.

(d)	The Chair and Vice Chair(s) are eligible for re-election. The number of consecutive terms of office for the Chair and Vice Chair(s) is usually limited to four. (ie four 1-year terms.)

	(e)	The Election of the Chair and Vice Chair(s) or Committee Chair will usually take place at the last meeting of the Corporation prior to the end of each academic year. The annual term of office will thus run from 1 st August to 31 st July of the following year.
	(f)	The Chair and Vice Chair(s) shall exercise any specific authority delegated by the Corporation.
	(g)	If there are matters of significance to be dealt with which are too urgent to wait for the next scheduled meeting of the Corporation, the Chair, in consultation with the Principal and the Clerk, may call a special meeting of the Corporation.
	(h)	Exceptionally, the Chair has delegated authority to act on any issue which is both urgent and important which would normally be dealt with by the Corporation (or where powers have been delegated) the relevant Committee, where action cannot wait until the next scheduled meeting of the Corporation or Committee and where it is not possible to convene a quorate special meeting. 	(c)	The advice of the Search and Governance Committee is not required for the appointment of an elected staff or student member or for the appointment of the Principal as a member.
	(d)	The usual term of office for Governors (except the Principal and the Student Governor) is four years. An alternate term of office may be considered if circumstances warrant it.
	(e)	The Nolan Committee recommended that, as a general rule, Governors should not serve more than eight consecutive years in office. However, Nolan emphasised that this is not a prescriptive maxim and that it is more important to ensure all appointments and re-appointments are made openly and on the basis of merit.
	(f)	Accordingly, when considering the re-appointment of a Governor after two 4-year terms of office, the Search and Governance Committee should consider whether there are any special circumstances or needs which warrant a term of office of no longer than one further year and the term of office recommended should be the last term of office served.
	(g)	For members appointed prior to 1 st August 2011, whose term of office is for three years, they can be re-appointed for a further term of office of three years and where there are any special circumstances or needs which warrant a further term of office, this should be no more than two years and should be the last term of office.
	(h)	External members will usually be appointed for a four year term of office. A shorter term of office may be considered if circumstances warrant it.
	(i)	Governors and external members shall be eligible for re-appointment. All such re-appointments are subject to recommendations by the Search and Governance Committee. Before proposing a re-appointment, the Search and Governance Committee will evaluate the contribution made by an existing Governor / external member.
	(j)	Governors and external members may resign at any time by advising the Clerk to the Corporation in writing.
	(k)	Governors may resign membership of a Committee at any time, without prejudice to their membership of the Corporation. However, there is an expectation that Governors serve on at least one Committee.
	(l)	Governors will have an administrative induction to the Corporation, which includes completion of eligibility information, including DBS checks. The administrative induction process should be completed within 3 months from appointment date and failure to do so may result in suspension of membership
7	Leave of Absence Policy and Procedure for Governors	
	In exceptional circumstances Governors can request a period of leave of absence from the Corporation, while still maintaining their membership following the period. It is intended for use where a Governor's other commitments are likely to preclude his / her attendance at three or more meetings (including Corporation and Committee meetings).	
	7.1 Leave of Absence Procedure:

At the end of this period the situation will be reviewed and unless there are exceptional circumstances the Governor would be expected to resign from the Corporation, if unable to return as a full member.
		<ul style="list-style-type: none"> Where a leave of absence is considered, the impact on skills and experience on relevant Committees and/or the Corporation will be reviewed and where necessary additional expertise may be required, through the appointment of an external member.
		<ul style="list-style-type: none"> During the agreed period of absence the Governor will continue to receive all Committee and Corporation papers, as appropriate. 		<ul style="list-style-type: none"> The Governor will not be included in attendance data for the period of the leave of absence.
		<ul style="list-style-type: none"> The Clerk will write to the Governor to confirm the decision of the Corporation and the arrangements relating to the period of absence.
		<ul style="list-style-type: none"> If the request is not approved by the Corporation the Chair will discuss the options with the Governor and the matter may be referred back to the Corporation for consideration. The Clerk will write to the Governor to confirm the decision of the Corporation and any subsequent decisions.

GOVERNOR INDUCTION, TRAINING AND DEVELOPMENT PLAN

Introduction

The College recognises the need to ensure that, collectively, Governors have the necessary skills and understanding to fulfil their responsibilities within the Instruments and Articles of Government.

This Plan sets out the range of mechanisms used to satisfy Governors training and development needs.

Pre Appointment, Appointment and Induction

Prospective Governors will receive information about the College and the Corporation.

Induction, Training and Development

The following will contribute to the continuing training and development of Governors:

- 1 Development sessions – two per annum – these will focus on key developments in the sector and/or key strategic issues relevant to the College/Corporation. These may include presentations by College managers or specialist trainers
- 2 Presentations at Corporation and/or Committee meetings by College Managers or specialist trainers on a specific topic or theme or as part of an agreed item of business.
- 3 Seminars/conferences by government departments, funding bodies and other training providers active in the sector to which members will be invited and encouraged to attend.
- 4 Informal meetings between members of the Corporation and members of the Executive Management Team (EMT) on a group or individual basis.
- 5 Distribution of FE sector newsletters and other publications etc by the Clerk.
- 6 Active participation in formal consultation processes undertaken by the government departments, funding bodies and other organisations, as appropriate.
- 7 Occasional visits/presentations by sector representatives.
- 8 Distribution of Staff Update and various information emails about development in the FE sector.
- 9 Opportunities to visit areas of the campus, especially where this is relevant to the business being considered
- 10 Participation in whole College events, such as Open Days, Development Days and Awards Evenings and other enrichment events, to which Governors will be invited to attend.

As part of the periodic self-assessment exercise Governors will consider their individual and collective training needs. If necessary, this will lead to the organisation of tailored training events to support the identified needs as well as inform the activities outlined above. The Clerk to the Corporation will maintain records of the training needs identified, the training and development provided as well as participation.

The College recognises that the role of governor is voluntary and consequently the ability of Governors to attend events in addition to scheduled meetings will vary according to individual circumstances.

VACANCY MANAGEMENT AND APPOINTMENT PROCEDURES

- 1 When a vacancy on the Corporation occurs, or is predicted, the Search and Governance Committee will consider the balance of skills and experience of existing members to identify any gaps. The Responsibilities of the Corporation and the Skills, Knowledge and Experience Matrix will be cross-referenced against current skills to identify gaps. Where existing skills information is of insufficient currency, a skills audit of existing members will be undertaken.
- 2 The College actively promotes equal opportunities and the Search and Governance Committee will consider other factors such as age, gender, ethnicity and disability as well as the extent to which the Corporation reflects the communities served by the College.
- 3 The Committee will identify those skills and experiences and any other factors that should be prioritised when filling particular vacancies.
- 4 The Search and Governance Committee will consider a range of recruitment strategies. Some or all of these strategies may be used in relation to particular vacancies, as appropriate. These include
 - advertisement in the local, regional and national press
 - advertisement on the College web site,
 - issuing mail shots or circulars
 - seeking personal recommendations from existing members and others known to the College
 - approaching specific individuals or organisations that may offer the skills and experiences sought by the Corporation.
- 5 All prospective members will be provided with an Information Pack.
- 6 All prospective members will be invited to submit a curriculum vitae or profile setting out their skills and experiences and other attributes and this will be cross referenced with the person specification and skills audit. The prospective member may be invited for an interview with the Principal or Governors, as appropriate. The Search and Governance Committee will consider the information provided and determine whether the prospective member potentially offers a 'match' with the skills/experience/other factors specified.
- 7 Those prospective members potentially offering a match with the specified criteria may be invited to meet with one or two Governors, including the Principal, with the Chair and/or Vice Chair(s). The purpose of the meeting will be to discuss the role of Governor and to explore with the applicant how she/he may contribute to the Corporation and fulfil the skills, experience and any other factors specified.
- 8 The Search and Governance Committee will make a recommendation to the Corporation on appointment.
- 9 In the case of re-appointment, following the expiry of a term of office, the Search and Governance Committee will consider the skills and experience of the member, the contribution made and the member's attendance record before making a recommendation to the Corporation.
- 10 Where the member is appointed due to a specific office that they hold (for example, an elected councillor) but ceases to hold this office during their term of office as a Governor he/she shall continue as a member of the Corporation until 31st July of that year or until such time as a replacement is appointed by the Corporation, whichever is the sooner.

ARRANGEMENTS FOR FINANCIAL OVERSIGHT AND COMPLIANCE BY THE CORPORATION

The Corporation has collective responsibility for:

The effective and efficient use of resources, the solvency of the institution and the Corporation and for safeguarding their assets. (Education Act 2011)

Financial Oversight - Governance

Financial oversight and compliance are seen as extremely important elements of the role of the Corporation and arrangements are place to ensure collective responsibility, as well as, detailed deep dive opportunities to ensure robust financial oversight. The Corporation maintains a clear strategic direction in terms of ensuring the College remains solvent, ensures effective and efficient use of resources and ensures value for money, as well as, maintaining a strong performance monitoring process in-year. There is a shared focus on finance and quality at Corporation meetings to ensure there is a good balance between these two key elements of College business.

The Corporation operates a Carver model of governance, with 3 committees: Audit, Remuneration and Search and Governance. The key elements of College business are addressed at full Corporation meetings that focus, alternately on Finance and Resources and Curriculum and Quality – this allows time for governors to focus on key matters and to have full commitment, knowledge and understanding by all members to these key aspects. To allow additional opportunities to carry out deep dives, however, the structure allows a range of opportunities for governors to interrogate and challenge information at a deeper level. In relation to financial oversight this will be through:

Special Interest Groups and Pre-Corporation meetings – Special Interest Groups are set up for specific matters, for example, property developments, investment considerations and to oversee implementation of financial issues following merger. These Groups are attended by governors with expertise and those with interest in the matter for consideration and report through to the Corporation. This allows for detailed discussion and clear recommendations for the Corporation. Further, to allow deeper level discussions with regard to 2 key stages in the year, there is a Pre-Corporation finance meeting prior to approval of the budget and three-year financial plan, as well as, the year end financial statements.

Governor(s) with special interest in finance – the Corporation ensures that there are always at least 3 qualified accounts who are members of the Corporation. These members take a special interest in financial matters and will meet with senior managers to discuss matters in more detail and challenge the detailed content of financial monitoring reports

Audit Committee – the Audit Committee meets 3 times a year to oversee the integrity of financial and related processes and systems and to monitor risk and compliance. The Committee has terms of reference that are reviewed annually. Its role is to monitor the processes and controls in place to ensure solvency, effective and efficient use of resources and value for money. The Committee is also responsible for providing annual assurance to the Corporation that the controls in place are adequate to meet the Corporation’s collective responsibility above.

Annual Audit Committee/Corporation meeting – the annual meeting takes place in November and is primarily for presentation and approval of the Members’ Report and Financial Statements. The meeting is split into 2 sections: an Audit Committee, followed by a Corporation meeting. However, all members of the Audit Committee and Corporation attend both sections of the meeting.

The meeting was merged for the following reasons:

1. All Audit Committee and Corporation members have a closed session (EMT and the Principal withdraw) with the Internal and External Auditors at the beginning to hear, first-hand any concerns or issues that the Auditors may have.
2. During the first section of the meeting the Audit Committee receive:
 - Financial Statements Management Letter
 - Internal Audit Annual Report
 - Strategic Risk Register
 - Audit Committee Annual Report and Statement of the Accounting OfficerAll Corporation members hear the presentations by the External Auditors and EMT regarding the end of year processes and assurances and can ask questions, as appropriate.
3. The Audit Committee members, collectively (including External Members), are asked to agree that assurance has been adequate throughout the year and through the year-end reports to provide Corporation with confidence to receive and approve the Members' Report and Financial Statements.
4. Approval of the Members' Report and Financial Statements and the Letter of Representation are approved by the Corporation and signed as part of the meeting.

Clear guidelines are set out in the policy structure, with key documents being reviewed on a regular basis and communicated to all Corporation members:

- Instrument and Articles and Scheme of Delegation
- Financial Regulations and Procedures
- Anti-Fraud Bribery and Corruption Policy, Procedure and Strategy
- Whistle-blowing Policy

SECTION EIGHT – GOVERNORS’ HANDBOOK

PROCEDURE FOR SEEKING INDEPENDENT LEGAL ADVICE

Introduction

The purpose of the procedure is to establish a formal mechanism whereby governors, collectively or individually, may obtain professional advice.

Under the procedure, Governors shall have the right to take advice on any matters concerning the exercise of their powers and responsibilities. Such matters shall include advice on their legal, accounting and regulatory duties, but shall exclude advice to individual Governors concerning their own personal interests in relation to the Corporation.

The procedure is in addition to, and does not displace, the inherent power of the Corporation to decide to take independent professional advice by passing a resolution to that effect.

The Corporation needs to ensure that the Clerk is independent of College management and the procedure also confirms the capacity of the Clerk to obtain independent professional advice, where appropriate.

Procedure

A Governor who proposes to seek advice under this procedure shall, in the first instance, confirm with the Clerk whether the Corporation has already obtained advice on the issues raised.

In the event that the Governor is not satisfied with the advice already obtained, written notice should be given to the Clerk. The notice must contain a summary of the issues on which advice is sought and where independent advice is requested, (i.e. not from the Corporation’s usual advisors), the names of the advisors it is proposed to instruct, together with an explanation of the reasons for this and an estimate of costs.

The Clerk will, without delay, provide a copy of the notice to the Chair of the Corporation and the Principal. The Chair in consultation with the Principal, will determine whether to authorise payment for such advice, within ten working days.

The Clerk will, without delay, notify the requesting Governor in writing whether the costs for the advice will be paid by the Corporation and if not, give brief reasons.

Any advice, which is obtained under this procedure, shall be made available to all Governors.

Where the Clerk believes there is a need to obtain independent advice, for example, in relation to the interpretation of the Instruments and Articles of Government, the Chair and the Principal will be notified in writing, giving reasons and an estimate of costs involved.

Any expenditure incurred under this procedure will be reported to the Corporation, without delay.
