# Policy statement on provider & employer access

Solihull College & University Centre/Stratford College

**Provider Access Policy** 

#### Introduction

This policy statement sets out the College's arrangements for managing the access of providers/employers to students at college for the purpose of giving them information about the provider's education or training offer. This complies with the College's legal obligations under Section 42B of the Education Act 1997.

# Pupil entitlement

All students from the age of 16+ are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

The college will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of the Careers team.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the ACE Hub, which is managed by the Careers Team at all campuses. The ACE Hub is available to all students at lunch and break times.
