

Title: Tuition Fees Policy (excluding Higher Education Students) 2027/28

Type: Policy

Purpose: This document outlines the policy for tuition fees, examination fees and other fees payable by students excluding Higher Education students.

Scope: This policy applies to all students excluding Higher Education Students. It is effective for the 2027/28 academic year.

Responsibility: The Deputy Principal is responsible for this Policy.

Legal Context Guidance issued by the Department for Education (DfE), Department for Work and Pensions (DWP), West Midlands Combined Authority (WMCA), Warwickshire County Council (WCC) and the Consumer Rights Acts 2015 and related consumer legislation.

1. Introduction

The College is committed to ensuring that its course fees are fair and represent value for money. The College also commits to providing potential students with clear information about its fees, concessions and payment methods.

This policy statement details how the College will apply fees for courses funded by the Department for Education (DfE), Department for Work and Pensions (DWP), the West Midlands Combined Authority (WMCA), Warwickshire County Council (WCC) and fees for those courses that receive no funding (often referred to as "Full Cost Provision").

Tuition and examination fees are reviewed and set annually by the Principal and Executive Management Team (EMT) in accordance with the guidance issued by the funding bodies. In exceptional circumstances (i.e. to reflect market factors), fee adjustments may be made following approval by the principal.

Fees are set for year 1 of the course and remain unchanged for its duration.

Fee Status

Funded students must meet the residency requirements as set out by the funding bodies. <https://www.gov.uk/government/publications/adult-skills-fund-funding-rules/adult-skills-fund-funding-rules-2025-to-2026#eligibility>.

[Adult skills fund: funding and performance management rules 2026 to 2027 - GOV.UK](#)

All other students will be treated as non-funded.

The frontline Services team will check information in the application relating to fee status, including the country of residence, and immigration status. Where the combination of information provided suggests that the fee status declared by the applicant may be incorrect or insufficient, information is provided; the College conducts a fee status assessment. The College does not exercise discretion when determining applicants' fee status.

National Fee Guidelines

- The funding bodies approach assumes that all students other than those eligible for fee remission are charged a tuition fee as a contribution towards the costs of their learning, the assumed fee is 50% of the funding for the learning aim. They also recommend that accreditation costs are paid by all adult students.

2. Tuition and Other Fees Charged

2.1 Further Education Provision

Only 'Home Students' are entitled to funded provision.

2.1.1 Students Aged 16-18

- In accordance with DfE regulations, tuition, registration or examination fees will not normally be charged to home students aged 16-18 taking full or part-time courses funded by the DfE.
- However, the College may charge students aged 16-18 for exam and re-sit charges in relation to these courses.
- Materials or personal equipment fees, reflecting actual costs, may also be charged provided these are not a compulsory part of the course. This information is provided in the course leaflet.

2.1.2 Adult Students

- Some adult students (those aged 19 and above) up to and including level 3, are entitled to fee remission and do not pay a fee for their course. Further details of fee remission categories are available from frontline Services. Students not entitled to fee remission are classed as co-funded and will be charged a fee.
- The College will charge a minimum fee of 50% the funding value. This may be rounded up or down to make the fee a whole number.
- Students whose fees are being paid by their employer must supply written confirmation of sponsorship at enrolment. The confirmation must be on company headed paper, be unconditional, include the name of the learner and course, and signed by an authorised signatory (not the learner). Should the employer fail to pay any part of the fees, the student is responsible for the payment.
- Materials or personal equipment fees, reflecting actual costs, may also be charged.
- Full-time adult FE students wishing to take additional part-time courses will be charged the relevant fee. This information is provided in the course leaflet.

2.1.3 Advanced Learning Loans

- The fees for adult students (those aged 19 and above) for provision at level 3 and above will usually be at the funded value for the course.
- Level 4, 5 and 6 courses, previously funded by Advanced Learner Loans, will be funded through the Lifetime Learning Entitlement (LLE) from 1st January 2027.
- Those adult students aged 19-23 (and WMCA residents aged 24+ who are employed or on a low wage) who are studying towards their first full level 3 qualification which the DfE have approved for funding from the [qualifications website](#), will be fully funded and entitled to fee remission.
- Some adult students enrolling onto a level 3 course, which is part of 'Free Courses for Jobs' offer who have not already received a full level 3 qualification or already have a full level 3 qualification however are unemployed or on a low wage will be fully funded and entitled to fee remission. More information is available from Frontline Services.
- All other students will be non-funded and so can apply for an Advanced Learner Loan if they choose to do so.
- Materials or personal equipment fees, reflecting actual costs, may also be charged where students are taking out a loan to fund their learning. This information is provided in the course leaflet.

2.1.4 Apprenticeships

- Apprentices will not be charged a fee for their programme. There are two systems in place for funding apprentices:
 - For employers with a payroll that exceeds £3 million apprentices are funded through the levy and employers are required to use their digital account.
 - Employers who do not have a payroll of £3 million where the employer does not pay the apprenticeship levy, the government will fund all of the apprenticeship training costs, up to the funding band maximum, for apprentices who are aged between 16 and 21 years old when they start their apprenticeship training. For learners over 21 years, employers are expected to contribute 5% of the cost of training.
- The College will agree with the employer a total price for each apprenticeship, which includes the costs of training and assessment.
- For standards this must include the cost of the end-point assessment agreed with the apprentice assessment organisation.

2.2 Managing Agents and Partner Provision

- Where fees are paid to the College by other organisations in receipt of funding for education provided by the College, a member of the EMT is responsible for negotiating these with the recipient organisations in accordance with agreed College protocols. Fees are to be approved by the Principal and are to be reviewed annually.
- Where courses are delivered by partners on behalf of the College, the College will agree with the partner whether the College or the partner will collect fees, and the two parties will account between each other for the fees collected.

2.3 Tailored Learning Non-Accredited Provision

- Students will be charged the agreed tuition fees (unless entitled to a community fee waiver), which are published on the College website; and
- Students are also required to pay for any equipment, books, visits, trips etc. necessary and other course-related expenses. This information is provided in the course leaflet.

2.4 Full Cost Provision

- Fees for Full Cost Provision are charged a minimum of a standard hourly rate set each year except in exceptional circumstances where they are agreed by the Principal. These are published on the College website.
- There is no fee remission or concessionary fee for Full Cost Provision.
- Students who are on Full Cost Provision will also be required to pay for any equipment, books, visits, trips etc. necessary and other course-related expenses. The student will pay for membership of a professional body, examination and assessment fees, if relevant. This information is provided in the course leaflet.

2.5 Non-funded Students

- Students who do not meet the residency requirements for funding will be charged the Full Cost fee based on the qualification-weighted rate for a further education course.

2.6 Pro Rata Fees

- There is no pro rata reduction available for programmes and all students are required to pay the full fee for the course irrespective of their start date.

3. Payment by Instalments

- The College expects all fees to be paid in advance at enrolment. However, arrangements for instalment payments are in place to support students who do not have a student loan to pay their fees. Standard instalment plans are agreed by the Deputy Principal & CFO annually. When paying by instalment students must pay by direct debit.
- For students who fail to pay fees by the due date the Deputy Principal & CFO may agree to a revised instalment plan with the student in order to ensure collection of the fees due.
- The College will take action to pursue unpaid debts including using the services of a debt collection agency and the exclusion of students from their programme when fees remain unpaid.

4. Fee Refunds

- Students have the 'Right to Cancel' their application to study within 14 days of accepting their place to study. Once applicants have accepted an offer to study at Solihull College & University Centre, students will be able to cancel within 14 days without giving any reason. The cancellation period will expire after 14 days from the date on which the offer is accepted, which is the date on which the contract with the College began. The College will reimburse any fees paid within 14 days of receipt of the notification of cancellation where possible. The College will make the reimbursement using the same means of payment as was used to pay the College.
- After the 14-day cancellation period referred to above fee refunds are only made;
- If there are exceptional circumstances for withdrawing from a course;
- If a student reasonably believes that their circumstances are exceptional, they should complete a refund application form and support the application with written evidence i.e. a letter from their employer or medical certificate. The decision whether the circumstances relied on are exceptional will be made by the Director of Finance or a member of EMT if their absence acting reasonably.
- Where the criteria for a fee refund have not been met, the College has discretion to provide a letter of credit that can be applied towards the fee of a future course at the College.
- The College is committed to abiding by UK legislation concerning the requirements of the 2002 Proceeds of Crime Act and 2003 Money Laundering etc. Refunds for fees are made to the person who originally paid the tuition fee and by the same method as the original payment.

5. Additional Fees following non-completion

- Students who, through their own volition, have failed to complete their learning programme within the agreed duration of the course may be required to pay any additional costs associated with an extension.

6. Changes to or Closure of Courses

- The College reserves the right in certain circumstances to change or amend, at any time, any of the course details including content, dates, times, venues, fees payable, concessions available, terms or conditions. The College also reserves the right to close or not to start any published course. Examples of circumstances where a course might be changed, closed or not started included but are not limited to, where a course is no longer viable due to insufficient numbers.
- Where changes or course closures must be made the College will take all reasonable steps to minimise disruption to students and will refund any fees paid.

7. Force Majeure

The College will not be liable for events outside of our reasonable control which we could not have foreseen or prevented even if we had taken reasonable care (“Events Outside of Our Control”). Events outside our control include, without limitation, industrial action, over or under demand from students, staff illness, significant changes to government policy or funding changes affecting further education, severe weather, fire, terrorism civil disorder, political unrest, epidemic or pandemic disease, government restrictions and concern with regard to the transmission of serious illness. In such circumstances, the College reserves the right to change or cancel parts, or all, of a course or courses.
